

Calendar Survey Feedback

Chinook's Edge School Division

Thank you for participating in survey. This feedback is valuable as we plan for future school calendars.

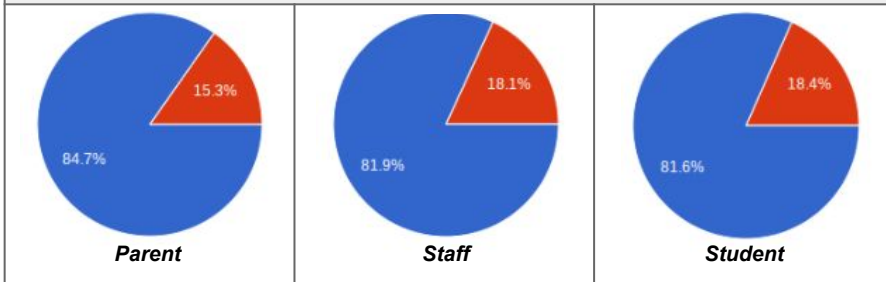

1. When possible, I appreciate the first day for students occurring after Labour Day.

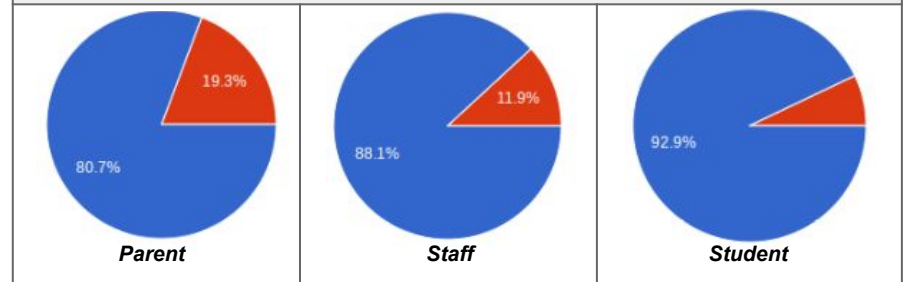

4. I prefer students to be in school leading up to Christmas break, allowing for more time off after Christmas / New Year.

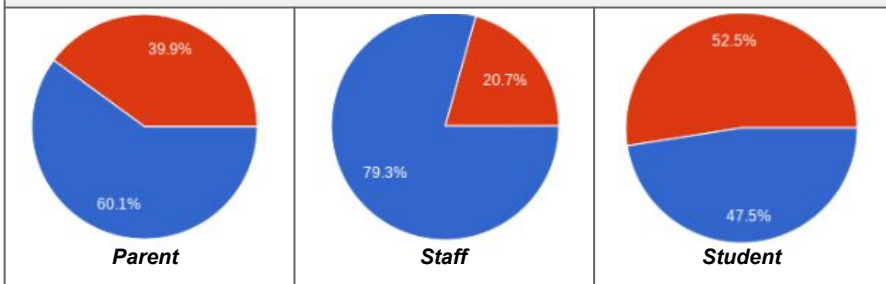

2. Non-Instructional Days should be used to extend long weekends.

5. I appreciate the full week break in February during the week of Family Day and Teachers' Convention.

3. I prefer the extended Fall Break as opposed to more frequent four day weeks.

6. Spring Break should consistently occur during the 3rd week of April, in order to evenly distribute breaks throughout the second half of the school year.
